Join Us:
Factory Open Day

Project Airbnb/ Show home

After discovering a hidden wetland right here in the heart of Katikati we couldn't help but pop an Air Bnb there!! We invite you all to book a night or two to 'try before you buy' and why not visit us here at the factory to talk about your own build at the same time!

The Tiny also showcases our new composite decking range which is available in 6 colours with module sizes of: 2.3m x 5.2m, 3.4m x 5.2m and 3.4m x 6.9m. The boards are 95% recycled material: 35–40% high density polyethylene and 60–65% wood fibre. HDPE is non-toxic, does not leech, is strong, lightweight and recyclable!

Project Liang

We are thrilled to finally deliver Sam & Concetta's Tiny house last week, which was a long time in the planning. This modern Pohutukawa features clean lines of the Weathertex exterior cladding in a striking charcoal - Resene Element in Cool colour, loads of custom storage, slat base for their super king bed and all complete with dog door for their four fabulous dogs!

TINY HOUSE FACTORY OPEN DAY

Sat 13th June 10am - 2pm

44 Marshall Road KATIKATI

We welcome you to join us in Katikati to tour our Tiny House Build Factory on Saturday 13th June . You will be able to meet the team, see our Tiny Houses in various stages of completion, speak directly with our builders, and check out our new Tiny House Airbnb/Show Home.

A note from our Director

Rebecca...

We are pleased to see the government relaxing rules around low-risk building work in New Zealand, with new building consent exemptions. Unfortunately, we don't see this affecting Tiny House on Wheels (THOW) and/or Tiny House on Foundations (THOF) due to them having kitchen and bathrooms. We are still supportive of the NZ Tiny House Associations current work to legislate new rules that apply directly Tiny Homes.

Covid-19 has caused change for many people, and lockdown has allowed the space to re-assess if your living life on your terms. This has in turn meant we have had a huge influx of clients hitting the GO button on their build and loads of new enquiries too which as meant we are super busy... Expect an announcement shortly as we are almost full for 2020 build spots!

On Saturday 17th October we will be heading to Auckland for the NZ Tiny House Conference, this year we will be bringing our Pohutukawa Design to display. We will also be giving a double pass away on our Facebook page in the next couple of month, so make sure you "like" our Facebook page to get updates on the ticket giveaway.
